

Thanks to everyone who participated in our first hosting of four IHN families this year. The mission team appreciates your donations of goods and time needed to make this mission a success. Did you know that there are about 123 slots to fill to fully staff the week? We had three dinners prepared by groups - the Girl Scouts, the Karate Club, and the Terando Small group. In addition, approximately 34 people filled the remaining slots. We hope we can have your support for our second hosting November 27th-December 4th, so that we can spread the hosting duties among more members and friends of Faith.

We have received the wonderful news that one of our families moved into a permanent housing situation the during the week following our hosting. We keep the remaining three families in our prayers, and we hope that they will soon have a permanent place to call home.
